PWE-6FT Enclosure

Pole Mount Front Terminal 6 Battery Enclosure

- Six Gel or AGM front terminal batteries
- Engineered to accommodate broadband powering equipment in pole or wall mount configurations
- Enclosures are agency certified to meet applicable industry standards
- All aluminum welded construction and durable powder coat finish provides superior corrosion resistance
- Portable generator cabling access door

Alpha extends its family of pole mount enclosures with the introduction of the PWE-6FT supporting two 36V strings of batteries. The PWE-6FT enclosure provides twice the runtime in the same vertical space as Alpha's three battery enclosures and can utilize existing pole mount brackets saving installation costs. The PWE-6FT is constructed of corrosion resistant powder coated aluminum and use stainless steel hardware for optimum service life.

PWE-6FT
